DODGE BROTHERS
TOURING CAR

The comfort and beauty of this new touring car are instantly apparent.

Long underslung springs, deeper seats and greater body length have resulted in an unusual degree of riding ease.

The body is exceptionally trim and graceful. Swung low to the road, with long, straight hood-and-cowl effect and tasteful appointments, the car reveals new value and sound workmanship in every detail.

The engine—which remains essentially the same—needs no eulogy. It has proved its power and economy to nearly a million owners.

We absolutely must get away from the idea that we cannot afford to care for our health. Let us rather be convinced that the cost of doing without proper care is entirely too expensive. The chiropractor is interested in just two things—the health of his patients and his reputation as a professional man. He is anxious to help you retain the health that is already yours, or to regain that which you may have lost. Chiropractic is especially effective in acute diseases, but chronic cases respond wonderfully under this health science.

The one incomparable gift you possess is your health.– Can you afford to be without it?

Medals and Honors awarded the Baldwin Piano

Why the manufacturers of the Baldwin Piano can offer you a permanent guarantee

ENDURING loveliness of tone is never accidental. Through scientific research the makers of The Baldwin have discovered how to avert the minute changes that take place in an ordinary piano and rob its tone of beauty. They guarantee that the tone will stay lovely throughout the years.

We have Baldwin Pianos on our floor that will open your ears to new beauties of tone — warm, rich and sympathetic. Come in and try these superb instruments.
